

SPH Mentor Program Student and Mentor Agreement

This agreement outlines the expectations of the mentor program. Both mentor and student agree to:

1. Spend 1-2 hours per month from October 2009 through April 2010 connecting with your mentoring partner.
2. Demonstrate a serious interest in developing a mentoring relationship. The student will propose needs and goals. Together, the mentor pair will agree to realistic goals and objectives.
3. Be clear about your expectations of the mentor relationship and understand that each mentor relationship is unique and valuable.
4. Respond to one another's communication efforts in a timely manner.
5. Observe ethical principles, and practice courteous, conscientious, and professional communication.
6. The student will initiate regular contact with the mentor and take the lead in keeping the relationship active, with coaching provided by the mentor and mentor program staff.
7. Communicate problems to mentor program staff. Notify staff if there is a change in ability to participate in the program.
