

Interdisciplinary Concentration (IC) Proposal Form

Complete this form and forward it, along with the Interdisciplinary Concentration (IC) Course Listing Form, to the School of Public Health Student Services Center in D305 Mayo. Acceptance into an interdisciplinary concentration is contingent upon current enrollment in a Master of Public Health (MPH) major in the School of Public Health and approval from the specific interdisciplinary concentration faculty.

Once your Interdisciplinary Concentration Proposal and Course Listings Forms are approved by the appropriate IC faculty, they will be placed in your file in your major program office. Upon completion of your MPH degree requirements, the IC forms will be forwarded to the Student Services Center for degree clearance purposes.

Name (last, first):	Student ID number:
Major Program:	
Interdisciplinary Concentration (choose one):	
<input type="checkbox"/> Complimentary & Alternative Medicine (CAMIC)	<input type="checkbox"/> Global Health (GHIC)
<input type="checkbox"/> Public Health Policy (PHPIC)	<input type="checkbox"/> Health Disparities

Briefly describe how your academic and career interests address the proposed interdisciplinary concentration area:
