

## HEALTH EQUITY MINOR

The Health Equity Minor promotes understanding of the root causes of health inequalities and explores practice and policy solutions to eliminate health inequalities. Understanding structural factors that lead to health inequalities prepares students to develop strategies to promote health equity. There are 7 required credits for Masters students. Doctoral students will select electives in consultation with advisor and Directors of Graduate Studies to complete the 12 credit minimum. All required minor coursework must be taken on the A-F grade basis and an overall GPA of 3.0 maintained. The courses taken as electives can be taken A-F or S-N. Required courses and electives taken A-F must obtain a grade of B- or better.
