

HEALTH SERVICES RESEARCH, POLICY & ADMINISTRATION MS

The Health Services Research, Policy & Administration (HSRPA) MS program includes a robust, multidisciplinary core curriculum that provides the foundation for conducting health services research and health analytics. Students work closely with their advisor on an area of specialization to develop a program tailored to their interests and professional needs. Students must complete a minimum of 34 credits. To complete program requirements, students will choose electives, in consultation with their academic advisor, which may include credits towards a minor.
