

PubH 6920
Foundations of Interprofessional Communication and Collaboration
(FIPCC)
Fall 2018

Credits: 1
Meeting Days: Sept 21, Oct 12 (online), Oct 26, Nov 2, Nov 16, Nov 30
Meeting Time: 1:30-3:30pm
Meeting Place: Student will receive an email with location information
Instructor: Public Health Nutrition Course Owner: Aida Miles
Office Address: 1300 S 2nd Street, Suite 300, Minneapolis, 55454
Office Phone: 612-625-5865
E-mail: miles081@umn.edu
Office Hours: by appointment

Course Director: Brian Sick, MD
drbsick@umn.edu

Course Coordinators:

Heather Mead Kim
R455 Children's Rehab Building
hmead@umn.edu
612-624-4032

Leslie Boey
R455 Children's Rehab Building
lboey@umn.edu
612-626-0575

Group structure:

Students are assigned to a large group of 30-35 interprofessional students, with 1-2 faculty facilitator(s) and 0-1 student facilitator per large group, and meet with the same group in the same location throughout the course. Large group information, including facilitator names and meeting room location, is detailed for students within the 1Health data management system (<https://1health.ahc.umn.edu>, which is accessed using the UMN x.500 and password).

I. Course Description

Foundations of Interprofessional Communication & Collaboration (FIPCC) is the first interprofessional course in Phase I of the 1Health curriculum. More than 1,000 health and health care students from allied health, dentistry, dietetics, health coaching, medicine, nursing, pharmacy, physical therapy, public health, social work, speech-language-hearing sciences, and veterinary medicine will be enrolled in this course. The course will be delivered to interprofessional groups of approximately 30-35 students in each room. This is a

hybrid course with a blended format that involves trained facilitators leading face-to-face discussions which is supported by online resources and pre-work that addresses the following topics:

- Roles and responsibilities
- Wellbeing and resiliency
- Teams and teamwork
- Health systems and interactions
- Ethics and professionalism
- Leadership

Students will be assigned to large interprofessional groups of 30-35 students, led by 1-2 faculty facilitator(s) and 0-1 student facilitator. Students will receive an email in mid-September from fipcc@umn.edu. This email will have information about how they can access their FIPCC group assignment and course information via the [1Health data management system](#). All facilitator, room, and course assignments are available to students within the [1Health data management system](#).

II. Course Prerequisites

None.

III. Course Goals and Objectives

- Roles and Responsibilities: Develop an awareness for the diversity of expertise that underpins effective interprofessional collaborative teams.
- Interprofessional Communication: Acquire an exposure to the positive and negative experiences of interactions and communication with patients, families, communities, and other health professions and develop an appreciation for their impact.
- Teams and Teamwork: Establish basic concepts of effective teamwork across professions, given an understanding of the impact of communication.
- Values/Ethics for Interprofessional Practice: Explore the emerging concept of interprofessional ethics and professionalism as an underpinning of interprofessional collaborative practice.

IV. Methods of Instruction and Work Expectations

This course will include a blend of face-to-face sessions with use of available online resources in the 1Health/FIPCC course detail located in the 1Health data management system. Within their large groups of 30-43 students, the students will be broken up into small-group interprofessional groups of approximately 5-8 students for the face-to-face discussions, and will also debrief with the large group throughout each session. Session topics include:

- an exploration of the overall health care professions and their specific roles and responsibilities,
- a look at healthcare systems and interactions,
- the principles of communication and teamwork,
- provider self-care and wellbeing,
- professional ethics and decision making, and
- leadership,

with all modules being centered around the interprofessional perspective.

Students are expected to use the 1Health data management system to access course information. All individual and full class communication will be through your University of Minnesota email account. It is a requirement of the course for students to check UMN email daily for course announcements and information. All course-related communications and updates will be sent from the fipcc@umn.edu email account.

Attendance

Attendance is required for all face-to-face sessions. Face-to-face sessions are scheduled on the following Friday afternoons from 1:30 – 3:30 PM: 9/21, 10/26, 11/2, 11/16, and 11/30, with an online session scheduled for the week of 10/12 (students will complete the online learning module at their own speed, and it must be completed prior to the next session on 10/26). Students are expected to come to the face-to-face sessions prepared to participate in the group discussions.

If a student is unable to attend a session due to a medical or family emergency, they must notify their FIPCC facilitator(s) as soon as possible. Make-up homework assignments will be assigned and require successful completion in order to pass the course. Facilitators will track attendance and homework submission via the 1Health data management system, and will notify the course coordinator and/or the student's course owner if they have any concerns about an absence.

In the rare instance where a student would miss two of the face-to-face sessions, due to a medical or family emergency, make-up assignments are required and the student is required to attend a remediation session in December/January in order to successfully pass the course (exact date TBA).

V. Course Text and Readings

All required reading and text is embedded into the FIPCC course detail provided in the 1Health data management system.

VI. Course Outline/Weekly Schedule

Course schedule and assignments are available to students within the [1Health data management system](#).

VII. Evaluation and Grading

The assessment of students will be based on completion of assignments, attendance at face-to-face sessions, professionalism, participation in discussions, completion of any homework that was assigned for missed face-to-face sessions, and completion of the self-assessment and course evaluation forms.

The grades will be Pass/Fail (S/N). The course coordinator will contact the appropriate school/college contact to report grades by December 7, 2018, noting exceptions for anyone who has not yet completed the remediation session if applicable.

Grade Disputes

Grade disputes will follow University and the student's school/college policies listed in the student handbook. All grade disputes must first be addressed by the 1Health team.

Remediation Policies

All student incompletes and failures are communicated to the student's FIPCC Course Owner and students will be required to attend a remediation session in December/January with the 1Health team to address incompletes and failures. Students who are required to attend remediation will be contacted by the 1Health team to schedule the remediation session date and time.

Make-up Exam Policies

There are no exams in this course.

The University utilizes plus and minus grading on a 4.000 cumulative grade point scale in accordance with the following:

- A 4.000 - Represents achievement that is outstanding relative to the level necessary to meet course requirements
- A- 3.667
- B+ 3.333
- B 3.000 - Represents achievement that is significantly above the level necessary to meet course requirements
- B- 2.667
- C+ 2.333
- C 2.000 - Represents achievement that meets the course requirements in every respect
- C- 1.667
- D+ 1.333
- D 1.000 - Represents achievement that is worthy of credit even though it fails to meet fully the course requirements
- S Represents achievement that is satisfactory, which is equivalent to a C- or better.

For additional information, please refer to:

<http://policy.umn.edu/Policies/Education/Education/GRADINGTRANSCRIPTS.html>.

Course Evaluation

In order to successfully complete this course, students are required to complete a FIPCC course evaluation relating to the stated learning objectives and course logistics in order to successfully pass the course. Data gathered will be de-identified for reporting purposes and will be used for scholarship, research and ongoing course development for future years.

Participating faculty and student facilitators will also be required to complete an evaluation as an integral aspect of their participation in the course.

University of Minnesota Uniform Grading and Transcript Policy

A link to the policy can be found at onestop.umn.edu.

VIII. Other Course Information and Policies

Grade Option Change (if applicable):

For full-semester courses, students may change their grade option, if applicable, through the second week of the semester. Grade option change deadlines for other terms (i.e. summer and half-semester courses) can be found at onestop.umn.edu.

Course Withdrawal:

Students should refer to the Refund and Drop/Add Deadlines for the particular term at onestop.umn.edu for information and deadlines for withdrawing from a course. As a courtesy, students should notify their instructor and, if applicable, advisor of their intent to withdraw.

Students wishing to withdraw from a course after the noted final deadline for a particular term must contact the School of Public Health Office of Admissions and Student Resources at sph-ssc@umn.edu for further information.

Student Conduct Code:

The University seeks an environment that promotes academic achievement and integrity, that is protective of free inquiry, and that serves the educational mission of the University. Similarly, the University seeks a community that is free from violence, threats, and intimidation; that is respectful of the rights, opportunities, and welfare of students, faculty, staff, and guests of the University; and that does not threaten the physical or mental health or safety of members of the University community.

As a student at the University you are expected adhere to Board of Regents Policy: *Student Conduct Code*. To review the Student Conduct Code, please see:
http://regents.umn.edu/sites/default/files/policies/Student_Conduct_Code.pdf.

Note that the conduct code specifically addresses disruptive classroom conduct, which means "engaging in behavior that substantially or repeatedly interrupts either the instructor's ability to teach or student learning. The classroom extends to any setting where a student is engaged in work toward academic credit or satisfaction of program-based requirements or related activities."

Use of Personal Electronic Devices in the Classroom:

Using personal electronic devices in the classroom setting can hinder instruction and learning, not only for the student using the device but also for other students in the class. To this end, the University establishes the right of each faculty member to determine if and how personal electronic devices are allowed to be used in the classroom. For complete information, please reference:
<http://policy.umn.edu/Policies/Education/Education/STUDENTRESP.html>.

Scholastic Dishonesty:

You are expected to do your own academic work and cite sources as necessary. Failing to do so is scholastic dishonesty. Scholastic dishonesty means plagiarizing; cheating on assignments or examinations; engaging in unauthorized collaboration on academic work; taking, acquiring, or using test materials without faculty permission; submitting false or incomplete records of academic achievement; acting alone or in cooperation with another to falsify records or to obtain dishonestly grades, honors, awards, or professional endorsement; altering, forging, or misusing a University academic record; or fabricating or falsifying data, research procedures, or data analysis. (Student Conduct Code: http://regents.umn.edu/sites/default/files/policies/Student_Conduct_Code.pdf) If it is determined that a student has cheated, he or she may be given an "F" or an "N" for the course, and may face additional sanctions from the University. For additional information, please see:
<http://policy.umn.edu/Policies/Education/Education/INSTRUCTORRESP.html>.

The Office for Student Conduct and Academic Integrity has compiled a useful list of Frequently Asked Questions pertaining to scholastic dishonesty: <http://www1.umn.edu/oscai/integrity/student/index.html>. If you have additional questions, please clarify with your instructor for the course. Your instructor can respond to your specific questions regarding what would constitute scholastic dishonesty in the context of a particular class-e.g., whether collaboration on assignments is permitted, requirements and methods for citing sources, if electronic aids are permitted or prohibited during an exam.

Makeup Work for Legitimate Absences:

Students will not be penalized for absence during the semester due to unavoidable or legitimate circumstances. Such circumstances include verified illness, participation in intercollegiate athletic events, subpoenas, jury duty, military service, bereavement, and religious observances. Such circumstances do not include voting in local, state, or national elections. For complete information, please see:
<http://policy.umn.edu/Policies/Education/Education/MAKEUPWORK.html>.

Appropriate Student Use of Class Notes and Course Materials:

Taking notes is a means of recording information but more importantly of personally absorbing and integrating the educational experience. However, broadly disseminating class notes beyond the classroom community or accepting compensation for taking and distributing classroom notes undermines instructor interests in their intellectual work product while not substantially furthering instructor and student interests in effective learning. Such actions violate shared norms and standards of the academic community. For additional information, please see: <http://policy.umn.edu/Policies/Education/Education/STUDENTRESP.html>.

Sexual Harassment:

"Sexual harassment" means unwelcome sexual advances, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature. Such conduct has the purpose or effect of unreasonably interfering with

an individual's work or academic performance or creating an intimidating, hostile, or offensive working or academic environment in any University activity or program. Such behavior is not acceptable in the University setting. For additional information, please consult Board of Regents Policy: <http://regents.umn.edu/sites/default/files/policies/SexHarassment.pdf>

Equity, Diversity, Equal Opportunity, and Affirmative Action:

The University will provide equal access to and opportunity in its programs and facilities, without regard to race, color, creed, religion, national origin, gender, age, marital status, disability, public assistance status, veteran status, sexual orientation, gender identity, or gender expression. For more information, please consult Board of Regents Policy:

http://regents.umn.edu/sites/default/files/policies/Equity_Diversity_EO_AA.pdf.

Disability Accommodations:

The University of Minnesota is committed to providing equitable access to learning opportunities for all students. The Disability Resource Center Student Services is the campus office that collaborates with students who have disabilities to provide and/or arrange reasonable accommodations.

If you have, or think you may have, a disability (e.g., mental health, attentional, learning, chronic health, sensory, or physical), please contact DRC at 612-626-1333 or drc@umn.edu to arrange a confidential discussion regarding equitable access and reasonable accommodations.

If you are registered with DS and have a current letter requesting reasonable accommodations, please contact your instructor as early in the semester as possible to discuss how the accommodations will be applied in the course.

For more information, please see the DS website, <https://diversity.umn.edu/disability/>.

Mental Health and Stress Management:

As a student you may experience a range of issues that can cause barriers to learning, such as strained relationships, increased anxiety, alcohol/drug problems, feeling down, difficulty concentrating and/or lack of motivation. These mental health concerns or stressful events may lead to diminished academic performance and may reduce your ability to participate in daily activities. University of Minnesota services are available to assist you. You can learn more about the broad range of confidential mental health services available on campus via the Student Mental Health Website: <http://www.mentalhealth.umn.edu>.

The Office of Student Affairs at the University of Minnesota:

The Office for Student Affairs provides services, programs, and facilities that advance student success, inspire students to make life-long positive contributions to society, promote an inclusive environment, and enrich the University of Minnesota community.

Units within the Office for Student Affairs include, the Aurora Center for Advocacy & Education, Boynton Health Service, Central Career Initiatives (CCE, CDes, CFANS), Leadership Education and Development – Undergraduate Programs (LEAD-UP), the Office for Fraternity and Sorority Life, the Office for Student Conduct and Academic Integrity, the Office for Student Engagement, the Parent Program, Recreational Sports, Student and Community Relations, the Student Conflict Resolution Center, the Student Parent HELP Center, Student Unions & Activities, University Counseling & Consulting Services, and University Student Legal Service.

For more information, please see the Office of Student Affairs at <http://www.osa.umn.edu/index.html>.

Academic Freedom and Responsibility: *for courses that do not involve students in research:*

Academic freedom is a cornerstone of the University. Within the scope and content of the course as defined by the instructor, it includes the freedom to discuss relevant matters in the classroom. Along with this freedom comes responsibility. Students are encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth. Students are free to take reasoned exception to the views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled.*

OR:

Academic Freedom and Responsibility, for courses that involve students in research

Academic freedom is a cornerstone of the University. Within the scope and content of the course as defined by the instructor, it includes the freedom to discuss relevant matters in the classroom and conduct relevant research. Along with this freedom comes responsibility. Students are encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth. Students are free to take reasoned exception to the views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled.* When conducting research, pertinent institutional approvals must be obtained and the research must be consistent with University policies.

Reports of concerns about academic freedom are taken seriously, and there are individuals and offices available for help. Contact the instructor, the Department Chair, your adviser, the associate dean of the college, (Dr Kristin Anderson, SPH Dean of Student Affairs), or the Vice Provost for Faculty and Academic Affairs in the Office of the Provost.

** Language adapted from the American Association of University Professors "Joint Statement on Rights and Freedoms of Students".*

Student Academic Success Services (SASS): <http://www.sass.umn.edu>:

Students who wish to improve their academic performance may find assistance from Student Academic Support Services. While tutoring and advising are not offered, SASS provides resources such as individual consultations, workshops, and self-help materials.
